### Key Facts

- Property values surrounding the area will be negatively impacted.
- Census data suggests 380-460 children live within ¼ mile of Greensferry **on the north side of the river alone**.
- A safe and quiet neighborhood with young families will be greatly disrupted.
- Estimated cost is more than \$20 Million, requiring a bond tax levy for 2021.
- Current estimates do not account for land acquisitions, lawsuits, relocation of existing infrastructure, and the required widening of Greensferry road.
- Suggested alternatives – widen the existing Spokane River bridge to 4-lanes through the existing 4-lane commercial corridor. Explore option at the Huetter Corridor instead.
- We are exploring the option of retaining legal council to assist in the prevention of the project. Subscribe to updates and stay informed!

### Action timelines:

Public involvement and comments must be submitted by without delay. Take 5 minutes online and **submit your Public Comments!**

Our community must express our disapproval and advocate for:

1. Abandoning the project – Vote No-Build!
2. Suggest alternative option for Spokane River Bridge to be expanded instead.
3. Explore the Huetter Corridor as a more viable option.

We cannot stress enough how critically important it is to submit your Public Comments as soon as possible!

A physical copy of the public comments form can be obtained at the District Office or printed online at

[FriendsOfGreensferry.com/comment](https://FriendsOfGreensferry.com/comment)

Approved Bridge Concept (and proceeding to Phase 2) to be voted on by the Post Falls Highway District on December 16th 2020.
